More Info: <https://boerner.org>

Help make history by having more worldwide Ringmaster flights in a single weekend than our last record of **8,327 flights from 2021.**

In 2019 a record **553 different pilots participated!!**

Goal this year is 8,500 + flights by 600+ pilots!!

Matt Kania's beloved Ringmaster control line model has been built and flown by more modelers than any other control line model airplane!

This is not a contest! No registration is required. There are no entry fees or prizes! This Fly-A-Thon is to *honor* the most popular CL model ever!!

This event is open to *all* participants *worldwide*!

Any Ringmaster from 1/2A to Giant and all variants in between can be flown.

BAMS will report how many total Ringmaster **flights were made, how many different **pilots** flew, how many **different** Ringmasters flew to the Brotherhood of the Ring. If you get a new pilot to solo on a Ringmaster, that first flight will count as 2 flights!**

**** A minimum of 5 laps is required to count as an official flight! ****

Let's keep the spirit of C/L alive!

Ok everyone! Just dig that old dusty Ringmaster from your attic and *go fly it!*
